

# Sample Itinerary for Sacramento River Canoe Trip 2017

Hello fellow wilderness trippers and welcome to the potential view of our future life on the river. Below is a sample itinerary of what our days will look like while on the river! This is a guide and by no means set in stone. Since we are equipped with a Satellite Phone and a SPOT communication device, our plans are flexible. We may decide to layover for a few hours, or a day, on the river and explore! At the wilderness program we work to find wish, wonder, and surprise everywhere we go! The sky is the limit and as we sleep under it every evening, our collective dreams and goals will guide our days.
